

Focus On... Hunger Charlotte County

In July 2020 approximately **1,903,426** people in Florida were experiencing food scarcity according to the US Census Household Pulse Survey.

"Since the pandemic, we have experienced up to an 80% increase in the demand for food." - Harry Chapin Food Bank of Southwest Florida, July 24, 2020

22% of Children in Charlotte County are food insecure. Food insecurity is the state of being without reliable access to a sufficient quantity of affordable, nutritious food. 96% of those children are income-eligible for nutrition programs.¹

The average meal cost per person in Charlotte County is \$3.38.1 The maximum benefit for the food assistance program in Florida pays \$2.15 per person per meal.4

14% percent of the population are considered low-income and do not live near a grocery store in Charlotte County. ²

13% of people living in Charlotte County are food insecure. 70% of the county residents are below SNAP and other nutrition programs threshold of 200% poverty line, this is slightly below Florida, 72%.¹

High Food Security³

Households had no problems, or anxiety, consistently accessing adequate food.

Marginal Food Security

Households had problems or anxiety at times about accessing adequate food, but quality, variety, and quantity of their food were not substantially reduced.

Low Food Security

Households reduced the quality, variety, and desirability of their diets, but the quantity of food intake and normal eating patterns were not substantially disrupted.

Very Low Food Security

At times during the year, eating patterns of one or more household members were disrupted and food intake reduced because the household lacked money or other resources for food.
