

The mission of the Health Planning Council of Southwest Florida is to improve the health and wellness of our community by:

- Promoting healthy lifestyles
- Reducing health disparities
- Increasing access to quality health related services
- Detecting and eliminating gaps in services
- Expanding knowledge through education
- Facilitating community partnerships

Your guide to community resources in Charlotte, Collier, DeSoto, Glades, Hendry, Lee and Sarasota counties.

Early Childhood Education

Providing parent and teacher coaching, developmental evaluation, transition support and therapy services to young children, their families and providers.

- The Early Steps program offers free developmental evaluation, health and education services to eligible infants and toddlers from birth to 36 months with significant delays in development or a condition likely to result in a delay.
- Early intervention services focus on the following skills:
 - Physical (reaching, rolling, crawling, walking)
 - Cognitive (thinking, learning, solving problems)
 - Communication (talking, listening, understanding)
 - Social/emotional (playing, feeling secure and happy)
 - Self-help (eating, dressing)

Health Navigation Services

Helping the community access public health care services

- Affordable Care Act questions
- Benefits explanations / inquiries
- Billing questions and inquiries
- Eligibility and Enrollment assistance
- Insurance carrier questions
- Lost identification cards
- Consumer advocacy
- Prescription Drug benefits questions
- Provider questions / look up
- Qualifying event administration
- Plan comparison and recommendation
- Renewal support

HPC employees are a trusted local resource in Southwest Florida because they live and work in the communities they serve.
