Charlotte County, Florida

According to the 2010 Census, Charlotte County had the second highest median age of any U.S. county with a population of more than 100,000 people at 55.9. Its county seat is Punta Gorda, Florida, and also includes the unincorporated towns of Port Charlotte and Englewood. Port Charlotte was named to Forbes' list of "25 Best Places to Retire in 2015". Charlotte County's cost of living is slightly lower than the state average. Major private-sector employers include Walmart, Bayfront Health, and Publix Supermarkets. Charlotte County has a primary care health shortage for their Low Income Population (Port Charlotte/Punta Gorda), and a dental health care shortage for their Low Income Population (Port Charlotte). The climate is warm year-round, with a high of 74 in January (low of 53) and a high of 91 in July (low of 74).

Health Planning Council of Southwest Florida

The Health Planning Council of Southwest Florida, Inc. is one of eleven local health planning councils in the state of Florida, serving the counties in Area 8: Charlotte, Collier, DeSoto, Glades, Hendry, Lee, and Sarasota. HPCSWF works to increase the availability and accessibility of data regarding health needs and services within the region. Of particular interest to the HPCSWF is to improve access to health care for persons with limited financial resources and to reduce disparities in health status. We offer data subscriptions for hospital and nursing home utilization reports, planning and implementation support for agencies, counties, and health departments across southwest Florida, and are available to conduct community assessments as requested.

Collier County, Florida

Collier County includes Naples, Marco Island, Immokalee, and Everglades. Its county seat is Naples. It is the largest county by land area in the state of Florida, with a total area of 2,305 square miles. In 2016, the Robert Wood Johnson Foundation ranked Collier County as the second-healthiest county in Florida. This healthier-than-average county is also older than average. According to the 2010 Census, 26.8 percent of the county's population is over the age of 65 – double the U.S. average of 12.9 percent. Collier County's cost of living is slightly higher than the state average. Major private-sector employers include Naples Community Hospital, Publix Supermarkets, and Walmart. Collier County has a primary care health shortage for the Immokalee/Everglades service area, and a dental health care shortage for their Low Income/Migrant Farmworker Population (Immokalee/Everglades). The climate is warm year-round, with a high of 75 in January (low of 53) and a high of 91 in July (low of 73).

Health Planning Council of Southwest Florida

DeSoto County, Florida

DeSoto County includes Arcadia, which is its county seat. A rural county, DeSoto has a population density of 50 people per square mile, as compared to Florida's average of 353 people per square mile. Arcadia is well known for its antiques shopping district. The cost of living in DeSoto County is lower than the state average. Major private-sector employers include Walmart Distribution Center, Walmart, DeSoto Memorial Hospital, and Peace River Citrus. DeSoto County has a primary care health shortage for their Low Income/Migrant Farmworker Population (DeSoto), a dental health care shortage for their Low Income/Migrant Farmworker Population (DeSoto), and a mental health care shortage for the entire county. The climate remains warm throughout the year, with a high of 71 in January (low of 49) and a high of 91 in July (low of 73).

Health Planning Council of Southwest Florida

The Health Planning Council of Southwest Florida, Inc. is one of eleven local health planning councils in the state of Florida, serving the counties in Area 8: Charlotte, Collier, DeSoto, Glades, Hendry, Lee, and Sarasota. HPCSWF works to increase the availability and accessibility of data regarding health needs and services within the region. Of particular interest to the HPCSWF is to improve access to health care for persons with limited financial resources and to reduce disparities in health status. We offer data subscriptions for hospital and nursing home utilization reports, planning and implementation support for agencies, counties, and health departments across southwest Florida, and are available to conduct community assessments

Lee County, Florida

Lee County has the largest population of Area 8. Its largest cities include Cape Coral, Lehigh Acres, Fort Myers, Bonita Springs, North Fort Myers, and Estero. Its county seat is Fort Myers.

Lee County is home to the second busiest single runway use airports in the country. Southwest Florida International Airport (RSW) served over 8 million passengers in 2015, and is one of the top 50 U.S. airports for passenger traffic. The cost of living in Lee County is slightly higher than the state average. Major private-sector employers include Publix Supermarkets, Walmart, Chico's FAS, Inc., and Bonita Bay Group. Lee County has a primary health care shortage for their Low Income Populations (Bonita Springs, Cypress Lake, Fort Myers, Lehigh Acres, and North Fort Myers), and a dental health care shortage for their Low Income Populations (Bonita Springs, Fort Myers, Lehigh Acres, and North Fort Myers). The climate remains warm year-round, with a high of 74 in January (low of 53), and a high of 91 in July (low of 74).

Health Planning Council of Southwest Florida

The Health Planning Council of Southwest Florida, Inc. is one of eleven local health planning councils in the state of Florida, serving the counties in Area 8: Charlotte, Collier, DeSoto, Glades, Hendry, Lee, and Sarasota. HPCSWF works to increase the availability and accessibility of data regarding health needs and services within the region. Of particular interest to the HPCSWF is to improve access to health care for persons with limited financial resources and to reduce disparities in health status. We offer data subscriptions for hospital and nursing home utilization reports, planning and implementation support for agencies, counties, and health departments across southwest Florida, and are available to conduct community assessments
