Charlotte County, Florida

According to the 2010 Census, Charlotte County had the second-highest median age of any U.S. county with a population of more than 100,000 people at 55.9. Its county seat is Punta Gorda, Florida, and also includes the unincorporated towns of Port Charlotte and Englewood. Port Charlotte was named to Forbes' list of 25 Best Places to Retire in both 2015 and 2017.

Charlotte County has a primary care health shortage for their low-income population, a dental health care shortage for their low-income population, and a mental health shortage for their low-income population (Port Charlotte). The climate is warm year-round, with a high of 75 in January (low of 50) and a high of 92 in July (low of 74). In Charlotte County, 81% of the population has adequate access to locations for physical activity. In 2018, Charlotte County was recognized as a Healthy Weight Community Champion.

Health Planning Council of Southwest Florida

The Health Planning Council of Southwest Florida, Inc. is one of eleven local health planning councils in the state of Florida, serving the counties in Area 8: Charlotte, Collier, DeSoto, Glades, Hendry, Lee, and Sarasota. HPCSWF works to increase the availability and accessibility of data regarding health needs and services within the region. Of particular interest to the HPCSWF is to improve access to health care for persons with limited financial resources and to reduce disparities in health status. We offer data subscriptions for hospital and nursing home utilization reports, planning and implementation support for agencies, counties, and health departments across southwest Florida, and are available to conduct community assessments as requested.
